The Audi  
**A3**  
Sedan

## As varied as life itself.

The Audi A3 Sedan wears its ambition in every line. A redesigned front bumper with angular air inlets and a frameless Singleframe grille create a confident, aerodynamic presence. Matrix LED headlights with redesigned internals and four selectable daytime running light signatures define the modern front profile, while the striking rear light signature and animated coming home and leaving home sequences deliver a lighting experience that feels both technical and expressive.

A continuous shoulder line leads to the newly sculpted rear, where a flat diffuser emphasises width and stance. Bold colour choices and dynamic alloy designs ensure the A3 Sedan balances sharp design with unmistakable presence.

## Driven by technology.

Built for real-world driving with refined precision, the A3 Sedan puts a 150 hp (110 kW) 1.5-litre inline-4 turbocharged engine at your command, delivering 250 Nm of torque. The 8-speed tiptronic gearbox shifts seamlessly while the Audi drive select system fine-tunes your drive to match your mood. This is a sedan that adjusts to your rhythm without sacrificing the control and refinement Audi is known for.

## Inside, it all aligns.

Inside the Audi A3 Sedan, every detail is intentional. The cabin features a redesigned centre console with a compact shifter, chrome-accented air vents, and premium materials. Ambient lighting with up to 30 selectable colours runs through the interior cabin and around laser-cut illuminated panels on the doors. The 10.25-inch Audi virtual cockpit is fitted as standard, with the option to enhance your drive with a 12.3-inch HD display.

New inlays, and the SONOS 3D premium sound system bring modern luxury into focus. With a spacious 425-litre luggage area and a 40:20:40 split rear seat, the A3 is not only technically advanced but highly versatile. This is where clarity, and comfort converge in one confident environment.

# Technical specifications.

Progress shapes every journey in the Audi A3 Sedan. From drivetrain to design, it reflects Audi’s vision for compact performance built on precision, efficiency, and intelligent mobility.

## Engine

|                   |                                  |
|-------------------|----------------------------------|
| Engine type       | Inline 4-cylinder engine, petrol |
| Engine management | Fully electronic                 |

## Power

|               |                           |
|---------------|---------------------------|
| Displacement  | 1,395 cc                  |
| Maximum power | 110 kW (150 hp)           |
| Max. torque   | 250 Nm at 1,500-3,500 rpm |

## Power transmission

|                   |                            |
